Our Voters More Intelligent.

During the past decade we have shown a decrease of 4 1/2 per cent in illiteracy among the voters of this State. We have had much agitation and considerable legislation seeking to withdraw the ballot from the illiterate and the younger generation is apparently better educated and both causes may have contributed towards our registering a better average.

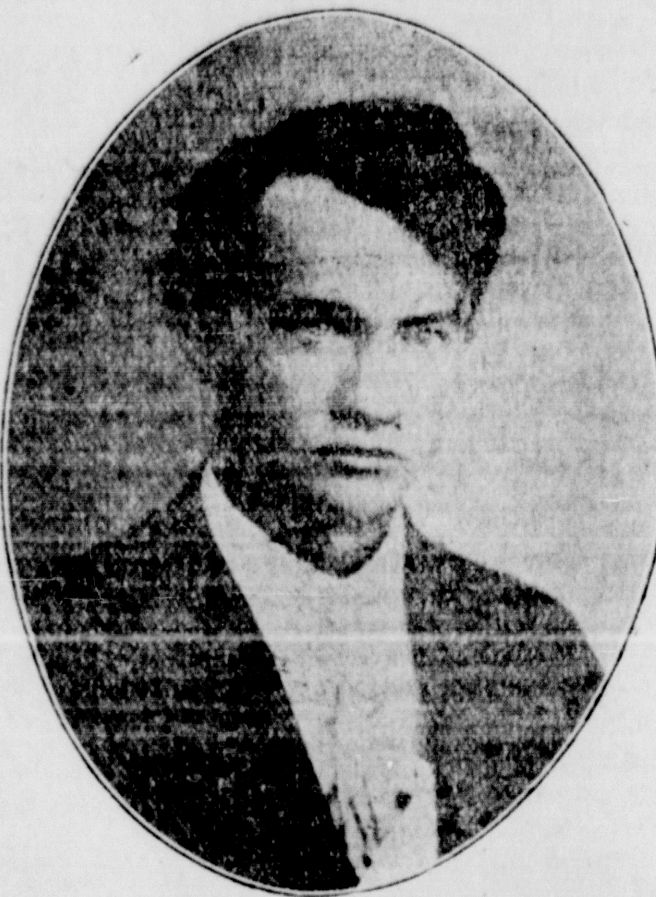

We have 831 illiterate voters in Medina County according to a recent census bulletin and 25.7 per cent of our males of voting age are unable to write. The percentage of illiterates among the native white voters of this county is 6.4, foreign born white 51.6 and negro 26.7 per cent.

Out of 1,003,357 males of voting age in Texas 109,328 or 11 per cent are illiterate. In 1900 we had in the entire State 737,763 voters and 15 1/2 per cent were illiterate.

MISS MARY R. NEAL

Farmers' Union Cotton School.

The Farmers Union Cotton Grading School will be conducted this summer in Houston, Texas, and will be in charge of E. A. Calvin and E. F. Shropshire, Manager of the Farmers Union Central Selling Agency.

The tuition will be \$15.00, which will cover all expenses except railroad fare and board. Board can be had in Houston as reasonable as anywhere else.

In this school everything will be taught concerning cotton, from the time it leaves the field until it reaches the factory. And no effort will be spared to make the school a success. Grading and classing, buying and selling, pulling and measuring staple, figuring and averaging will all be taught from a practical standpoint and by actual demonstration. Students will first be taught the art of scientific classing, then two practical methods of averaging and then how to staple and measure. In teaching classing, thousands of samples will be used, and the pupil will also be required to class up large lists of cotton by himself. He will also be required to make sales and purchases and averages on each list. In fact, by the time a student completes the course he will be amply qualified to enter the cotton business. A student can complete the course in from two to five weeks, depending entirely on the aptness of the student.

The school will begin on June 23rd and will continue for six weeks and can be entered at any time during the term.

For further information address E. F. Shropshire, 105 1-2 Main Street, Houston, Texas.

OLD FASHIONED WINTER.

SAME old snowstorm,
Full of wrath;
Same old snowdrifts
In the path;
Same old shovel
For the work;
Same old loafer—
Wants to shirk.

SAME old pavement,
Smooth as ice;
Same old slipup
In a trice;
Same old tumble,
Fit to kill;
Same old surgeon—
Same old bill.

SAME old zero
Skulking round;
Same old hoar frost
On the ground;
Same old blizzard,
Fierce and bold;
Same old winter—
Mighty cold.

PATRONIZE those who patronize us and we will all prosper. See?

How can you make a person happy against his will? You can knock a great deal into him in the way of learning and what the schools call extras, but if you try forever you will not knock any happiness into a being who has not got it in him to be happy. The only result probably would be that you knock your own out of yourself. Obviously happiness must come from within, and not from without.—From "The Solitary Summer."

REPLYING to a suggestion by The Express that inasmuch as walking was good, Davis of the Anvil Herald, Callan of the Del Rio Herald and Boehmer of the Eagle Pass Guide might have come to the Texas Press Association meeting, Davis of the Anvil Herald observes: "Walking has never been good to Callan and Davis since they landed in Texas—the land where distances are too magnificent—and as for Boehmer, we've a suspicion that since Colquitt put the kibosh on his pure ballot bill he has sore toes." Maybe Joe has cold feet instead of sore toes.—San Antonio Express. The Express editor in the good old days, when he was young like Davis, Boehmer and Callan, and did a good deal of walking, never had the automobile speed-devil to contend with. It is positively dangerous to walk now and this is the reason we were not in San Antonio at "La Cena Mexicana".—Del Rio Herald.

AFTER all the noise Joe Boehmer, Austin Callan, Fletcher Davis and several more West Texas editors made about their intended trip to the Texas Press Association at San Antonio last week, they were not in evidence on that important occasion. We look for their excuses this week.—Uvalde Leader-News. We are too busy to offer excuses. But without the aforesaid and the same trio above mentioned to lead the van and cover up his flanks, we would like to rise to an inquiry as to what Bro. Getzender did when the press gang charged the San Antonio breweries? Did he take back-water?—Hondo Anvil Herald. Not back-water, just a little carbonated, strawberry, as we used to order our "soda pop", when as a farm boy in town on circus day or the Fourth of July. Something funny about the editors "charging the breweries", though. They nearly did that very thing—and the breweries hadn't charged them a cent—so we were told by those who were there.—Uvalde Leader-News.

Deafness Cannot Be Cured

by local application, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Kickapoo Worm Killer is guaranteed. All druggists, or by mail. Price 25c. Kickapoo Indian Medicine Co., Philadelphia and St. Louis. W. H. Windrow.

Take Plenty Of Time To Eat

There is a saying that "rapid eating is slow suicide." If you have formed the habit of eating too rapidly you are most likely suffering from indigestion or constipation, which will result eventually in serious illness unless corrected. Digestion begins in the mouth. Food should be thoroughly masticated and insalivated. Then when you have a fullness of the stomach or feel dull and stupid after eating, take one of Chamberlain's Tablets. Many severe cases of stomach trouble and constipation have been cured by the use of these tablets. They are easy to take and most agreeable in effect. Sold by W. H. Windrow.

A Better Shoe for Men

The "Patriot"

In the "Patriot" you get the maximum of style, comfort and service—three qualities not often combined in a shoe.

The "Patriot" is the special pride of the 23 big "Star Brand" factories. The most skilled shoemakers among their 10,000 experts are making it.

There are over 750 styles of "Star Brand" Shoes. The leather in each hide is utilized according to grade. Only the finest cuts are used in the "Patriot". Each pair is as good as every other pair.

The style shown is one of our newest models for Spring—made of finest gun metal leather, hand welt, oak leather soles—New Rex last. Better than many other shoes costing a dollar more.

Beware of Adulterated Shoes

More than 90% of all shoes sold at \$4.00 and less contain paperboard, leatherboard and other cheap substitutes for leather. You pay leather prices for them.

Pure Shoe bills now pending in Congress and many different states are designed to protect you. We heartily endorse this legislation. The rights of 100 million consumers are greater than a few hundred manufacturers.

There is one way to be sure you are getting an honest leather shoe—simply ask for "Star Brand" shoes with the name on the sole and the Star on the heel. No substitutes for leather are ever used.

The "Patriot" and other "Star Brand" shoes are sold by nearly 20,000 good merchants. Just go into ANY store and ask for them, but come to us. We carry a complete stock.

: : VIEWS AND REVIEWS: :

PERSPECTIVE.

WELL, after all, this "wide, wide world" is just a little planet. Where hearts are warm—true, some are cold.

While many are of granite. AND, after all, though lanes be long, Bestrewn with leaves of learning, We're telling on, for thus we find There's none but has its turning.

AND though today our paths diverge, Perspective is alluring. Our tiny barks may skim the deep And side by side be mooring.

YET, far or near, we cannot stray From off our little planet. Where hearts are warm, though some are cold And many are of granite.

—Bessie M. Badger.

IT is risky business for a community to bond itself heavily for the sake of making an experiment. In this matter of good-roads, Medina County will do well to first settle definitely by experiment what kind of roads to build before risking a bond issue. In an important matter of this kind it is well to make haste slowly.

AFTER many delays and much vexation of spirit, Governor Colquitt is now proceeding with the work of restoring the Alamo. It is to be hoped that he will be permitted to proceed without further molestation. The state is not so much concerned about the Governor's plans for restoration as they are the ending of the unseemly strife which has disturbed the state for the past several years. Let's try for a while to—forget the Alamo!

It is no small task that confronts the Democratic administration at Washington in its efforts to adjust the inequalities of our laws growing out of fifty years of Republican rule. Of course, it is to be expected that the administration will receive the adverse criticism of its partisan opponents. Not to do so would be the surest evidence of its inefficiency. But those of us who have fought in season and out for Democratic success should look with leniency upon what to us may seem like the wrong course. It is a trite saying that "a burnt child dreads the fire," and there are some of us who haven't looked a sheep in the face for a decade who, recalling the disaster of 1893, are ready to cry out in alarm at the mention of free wool. Let the Democracy at Washington preserve its harmony and other things will be worked out for the greatest good to the greatest number.

COMPTROLLER Lane, all booted and spurred, is astride the State wide Prohibition hobby and proposes to ride it straight into the capitol at Austin. There may be a political Moses who can lead the ants out of the wilderness but if so he is still hidden in the bulrushes for none can view the promised land from that quarter. As it looks at this distance, Mr. Lane's only handicap is the conflicting ambitions in his own camp. Perhaps fate will so intervene as to spare the state the sorrow of such a man for governor.

THE threshing machines are busy all over this section threshing the oat crop. A bumper corn crop is now assured since the rains of this week. And with the present season in the ground only some untoward disaster can prevent a big cotton crop being made. On another page of this paper will be found an announcement of the Fourth of July picnic and barbecue to be held here on the Fourth. It is to be hoped that all will lend their encouragement to this and that the celebration will be a success.

Showery weather set in here Sunday night and there have been several nice showers here during the week. The precipitation had amounted to 1.35 up to Thursday morning and the ground is well soaked. A good corn crop in this immediate section is now assured.

Miss Mada Davis, an elocutionist just back from a Boston, where she completed a course in a School of Expression, will give a recital at the Auditorium Tuesday evening, June 24th, for the benefit of the Missionary Society of the Methodist church. After the recital, Miss Davis will put on a play with local talent, announcement of which will be made later.

Reports from all over Southwest Texas indicate that rain has been general this week, though not uniform in quantity. The Hondo creek and the Medina river flowed Thursday for the second time this year. A thirteen-foot rise is reported in the Medina reservoir and a seven-foot rise in the Chicon reservoir. At Hondo the water all soaked into the ground, the precipitation not being sufficient to run the water-courses.

"I've had my Studebaker 15 years—and not a cent for repairs"

A word of just praise for a wagon that has done its work faithfully and well.

Men become attached to their Studebakers—proud of them.

Because they realize that a Studebaker is built on honor and with an experience in wagon building that dates back to 1852.

Studebaker wagons are a result of that long experience, coupled with a desire to build the best wagons, not cheap ones.

And when your dealer says "Buy a Studebaker—there's no better wagon made" he's giving you the verdict of a million farmers. He is not asking you to try an experiment.

HUSBAND RESCUED DESPAIRING WIFE

After Four Years of Discouraging Conditions, Mrs. Bullock Gave Up in Despair. Husband Came to Rescue.

Patron, Ky.—In an interesting letter from this place, Mrs. Bettie Bullock writes as follows: "I suffered for four years, with womanly troubles, and during this time, I could only sit up for a little while, and could not walk anywhere at all. At times, I would have severe pains in my left side.

The doctor was called in, and his treatment relieved me for a while, but I was soon confined to my bed again. After that, nothing seemed to do me any good.

I had gotten so weak I could not stand, and I gave up in despair.

At last, my husband got me a bottle of Cardui, the woman's tonic, and I commenced taking it. From the very first dose, I could tell it was helping me. I can now walk two miles without its tiring me, and am doing all my work."

If you are all run down from womanly troubles, don't give up in despair. Try Cardui, the woman's tonic. It has helped more than a million women, in its 50 years of continuous success, and should surely help you, too. Your druggist has sold Cardui for years. He knows what it will do. Ask him. He will recommend it. Begin taking Cardui today.

HERBINE

For the Bowels

A Cure for Chronic Constipation, Torpid Liver and Irregular Bowel Movements.

Constipation is the most common disorder of the bowels. It affects both sexes and all ages but is more prevalent among women because their duties in the household require less physical exercise than the occupations of men; therefore women suffer most from its baneful effects.

A constipated person is an easy victim when exposed to any serious disease—Pneumonia, Typhoid Fever, Malaria, Rheumatism, Small Pox, Yellow Fever and Bright's Disease gather their annual harvest of death among those who are habitually constipated. Even though they escape these diseases, such persons are always ailing more or less. They have headaches, bad digestion, dizziness, vertigo (blind staggers), sallow complexion, flatulence, loss of strength, and no energy at all. Herbine has a most admirable effect in the bowels; it is cooling, purifying and regulating. It puts a prompt check on biliousness, wind in the bowels, nervousness, heartburn, bad breath, low spirits, drowsiness in the daytime and nervous wakefulness at night.

Price 50c per Bottle.

After Close Of School.

What shall I do with son and daughter after close of school? This question confronts many parents at this season of the year. We all concede that it is better to keep young people busy. Many times they are not qualified to be really useful in store and office, and they are usually not old and strong enough to do a man's work on the farm. It is then largely a matter of choosing between sending them to a summer school or letting them loiter about town. Surely this is the time to consider a business education of Bookkeeping, Banking, Shorthand and Typewriting.

The cost is small—around \$50 for a single course of Bookkeeping and Banking or Shorthand and Typewriting, and around \$85 for the two courses combined.

The San Antonio Business College, 307 Alamo Plaza, San Antonio, Texas, makes a specialty of these branches as well as Commercial Law, Business, Arithmetic, spelling, Penmanship, Rapid Calculation, etc.

Last year one Banker sent his own son to this college through summer vacation, and paid the way of three other ambitious students. The President of the college, Mr. H. C. Mitchell, will send catalogue and full particulars concerning the school upon request. 5t

It is far easier to attain popularity than to retain it for any length of time.

Guaranteed Eczema Remedy

The constant itching, burning, redness, rash and disagreeable effects of eczema, tetter, salt rheum, itch, piles and irritating skin eruptions can be readily cured and the skin made clear and smooth with Dr. Hobson's Eczema Ointment. Mr. J. C. Eveland, of Bath, Ill., says: "I had eczema twenty-five years and had tried everything. All failed. When I found Dr. Hobson's Eczema Ointment I found a cure." This ointment is the formula of a physician and has been in use for years—not an experiment. That is why we can guarantee it. All druggists, or by mail. Price 50c. No Substitute Could Do This

No inferior substitute, but only the genuine Foley Kidney Pills could have rid J. F. Wallich, Bartlett, Nebr., of his kidney trouble. He says: "I was bothered with backache, and the pain would run up to the back of my head, and I had spells of dizziness. I took Foley Kidney Pills and they did the work and I am now entirely rid of kidney trouble. My father-in-law, now past 93 years, has taken them and they have added years to his life. W. H. Windrow.

Few men are as thoroughly bad as they have reputations for being.

There is no horse liniment more effective for animal flesh than BALDARD'S SNOW LINIMENT, nor is there any healing remedy for the human body only, that is milder or more efficacious in its action. Sizing Him Up

When you call the average young man honest he is likely to feel a mild sort of gratification. When you call him competent his chest begins to bulge. When you call him a heart-breaker he slaps you on the shoulder and gives you to understand that he considers you a person of remarkable perception and unerring judgment.

Some people run into debt and others jump.

Stick to Right Principles.

Men whose principles are right, in his setbacks, lose his head and have doubts, but in the end will win, and the victory, result of principle, is a one.

DANGEROUS CALOMEL GOING OUT OF USE

A Safer, More Reliable Remedy Has Taken Its Place in the Drug Store and in the Home

A few years ago, men, women and children took calomel for a sluggish liver and for constipation. They took risks when they did so, for calomel is a dangerous drug. Your family doctor will be the first to tell you this if he discovers you dosing yourself with calomel.

But the drug trade has found a safer, more pleasant remedy than calomel in Dodson's Liver Tonic.

W. H. Windrow tells us that his drug store sells Dodson's Liver Tonic in practically every case of biliousness and liver trouble where calomel used to be taken.

Dodson's Liver Tonic is a vegetable liver tonic that is absolutely harmless for children and grown people. It sells for 50 cts. a bottle and is guaranteed to be entirely satisfactory by W. H. Windrow, who will refund your money with a smile if it does not give quick, gentle relief without any of calomel's unpleasant after-effects.
